

CUSTOM DESIGN SERVICE

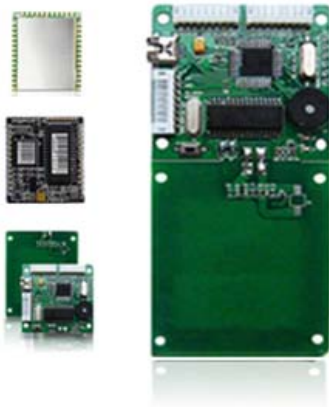

Custom Design is one of our Client Value Enhance Programs (CVEP).

To meet your specific demands, CIVINTEC provides Custom Design service on the standard devices. You will obtain benefits from the Custom Design service:

- Free Customization: CIVINTEC will refund customization fee up to 100% in products
- Quick Get-On-Market: thanks to our excellent R&D team with rich experiences
- To make you more competitive on your market in cost and functions to compare with your contenders
